IN RE: ADAMS GOLF, INC.,  
SECURITIES LITIGATION

§  
§  
§  
§

CIVIL ACTION NO. 99-371-KAJ  
(CONSOLIDATED)

**AFFIDAVIT OF DARL P. HATFIELD**

STATE OF TEXAS §  
COUNTY OF DALLAS §

1. My name is Darl P. Hatfield. I am over the age of twenty-one and am competent to make this affidavit. All facts in this affidavit are stated based on my personal knowledge.

2. I became Chief Financial Officer of Adams Golf on May 1, 1998. I held this position until I left the Company on December 31, 2000.

3. I reviewed drafts of the Adams Golf Prospectus, including the Risk Factors section of the Prospectus, before I signed the Registration Statement.

4. As Chief Financial Officer, I regularly attended board meetings and presented the Company's financial statements to the Board of Directors. The members of Adams Golf's Board of Directors met and discussed the Prospectus and had the opportunity to ask and did ask management any questions they had about the contents of the Prospectus before the IPO. I participated in these meetings. I relied on other members of management to keep me abreast of key issues in their areas of responsibility. I relied on KPMG for their expertise in preparing financial statements. I also valued the expertise of the team of professionals who were involved with the IPO due-diligence process—the underwriters, their counsel, and the Company's counsel—and their work in conducting an appropriate examination of all aspects of the Company's business.

5. As part of the IPO due-diligence process, myself and other members of management discussed all the issues related to Adams Golf's business with the underwriters, their counsel, and the Company's counsel before the IPO. Gray marketing was one of many business issues with which the Company was dealing. It is my opinion that all parties involved in the IPO due-diligence process were aware of gray marketing and were in agreement that it did not present a material risk to the Company.

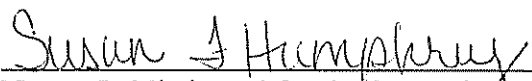

6. I did not believe at the time of the IPO that gray marketing should be included in the Prospectus as a specific risk factor. I believed at the time of the IPO that the Registration Statement and Prospectus was true and complete.

Further, affiant sayeth not.
